

## **Swashbuckle "X" Marks The Spot**

Visit ["X" Marks The Spot](#) on MotoLyrics.com

Groundbreaking cartographic course  
Bottled at the source  
Myth to map; Word to World  
The paradigm of space unfurled  
Nature mirrored for navigation  
Reject religious implication  
Change in thought; an evolution  
Worldwide nautical revolution

Now take this paper parched with age  
With lines that dash across the page  
Pace your steps across the beach  
And keep a shovel within your reach

We've taken our weight in silver and gold  
Pillaging and looting as part of the code  
We've buried our treasure where old seamen rot  
Upon our map - "X" marks the spot
