People keep talkin' about me
I don't ever hear what they're sayin'
You best move on without me
All I'm gonna do is keep delayin'
My strength my confidence, my common sense, my
money's gone
My soul I sing my songs, we've moved along now
something's wrong
I got a problem with the daylight

He told me follow with a straight right
It ain't right but it ain't like I ain't tryin'
Hard to be a star in the sunshine
I hear the night lines in the night time
Found when she left me lost was my right mind
So I write rhymes reachin' for my lifeline
Who wants to be a millionaire anyway?
I'm a penny away from makin' pennies a day
So lend me your ear and Imma take it away
Never pay you back with the sh*t that I say
I'll get it by tomorrow give me somethin' today

It comes and goes,
I heat it up and it froze
I need the sun when it snows
Don't ask me why I don't know
I know it comes and goes
I build it up and it falls
I tear it down when it grows
Don't ask me why I don't know

I don't know (I don't know, I know it comes and it goes)
I don't know (I don't know, I know it comes and it goes)
I don't know (I don't know, I know it comes and it goes)
I don't know (I don't know, I know it comes and it goes)
I don't know (I don't know, I know it comes and it goes)
I don't know (I don't know, I know it comes and it goes)

Now there's a church and a mosque and a temple
Had faith but it ain't that simple
They use a symbol to get us assembled
Just fear in a God make us trust a devil

Imma get well sittin' by the sitt---dale
Sip a bottle of Jack and wish on the wishing well
Then I catch a tale, everyone a fairy tale
I'm feelin' alright, yeah mother f*cker read the grail
Cuz they blind to the fact that the fact is the mind ain't
aligned
With the nature in divine
Only I can define what is yours what is mine
What is God made of hate? got mad at mankind
Cuz mankind ain't made of kind man
Yet I'll come in lookin for the next day back, yo
But all my money's on the table can I have another hit

It comes and goes,
I heat it up and it froze
I need the sun when it snows
Don't ask me why I don't know
I know it comes and goes
I build it up and it falls
I tear it down when it grows
Don't ask me why I don't know

I don't know (I don't know, I know it comes and it goes)
I don't know (I don't know, I know it comes and it goes)
I don't know (I don't know, I know it comes and it goes)
I don't know (I don't know, I know it comes and it goes)
I don't know (I don't know, I know it comes and it goes)
I don't know (I don't know, I know it comes and it goes)

I ain't myself at all, can't save myself at all
From fantasy to reality my dreams are nightmares I
believe
I ain't myself at all, can't save myself at all
From fantasy to reality my dreams are nightmares I
believe
I ain't myself at all, can't save myself at all
From fantasy to reality my dreams are nightmares I
believe
I ain't myself at all, can't save myself at all
From fantasy to reality my dreams are nightmares I
believe (I don't know)

I don't know, I don't know
I ain't myself at all, can't save myself at all (I know it
comes and it goes)
(From fantasy to reality my dreams are nightmares I
believe)
I don't know, I don't know
I ain't myself at all, can't save myself at all (I know it
comes and it goes)
(From fantasy to reality my dreams are nightmares I

believe)
I don't know, I don't know
I ain't myself at all, can't save myself at all (I know it
comes and it goes)
(From fantasy to reality my dreams are nightmares I
believe)

I don't know, I don't know
I ain't myself at all, (I don't know, I don't know, I know it
comes and
It goes)
