(CHORUS)

Lately, Hey, I get up thinkin I'm gonna fall,  
Can you save me, Hey, From myself before I hit the  
wall,  
Although I ain't really been myself at all,  
Tryna be the man that I am and stand tall,  
Can you save me, Hey, From myself before I hit the  
wall,

VERSE 1:

How you gonna say it when you playin yourself,  
You're critics don't write you ain't believin the hype,  
You in a fistfight boxing with your shadow,  
Stuck in yesterday you ain't thinkin bout tomorrow,  
Yesterday is gone and better days are far away you got  
a million brilliant thoughts and not a single thing to say,  
I need to speak to god but even he's frontin,  
Cause I only talk to him when I need somethin,  
I'm needin him now I need a new style of who to be,  
I try to buy new clothes but none of them look good on  
me,  
Women, Alcohol, Tylenol, Feel the hangover, Next day  
same damn battle different soldiers,  
And I'ts over, I'm gettin older hells hot cold world even  
gettin colder,  
It's over, I'm gettin older hells hot cold world even  
getting colder,

(CHORUS x1)

HOOK:

Man I'm gonna hit the wall,  
Bounce around like an open bar,  
Shit I'm gonna hit the wall,  
I hope it ain't it front of ya'll,

VERSE 2:

I'd write a better story if I had enough ink,  
And I would chain us back together if I had the missing  
link,  
Outsider, I love to be insider her, now I'm outsider,

Nowhere for this spider,  
Cause I'm a liar but I'll suck it all up,  
And everybody told me Kyprios you'll fuck it all up,  
And they were right, With the stereotypes I used to be  
the type of MC you'r stereo liked,  
But I'ma loser whosa gettin old,  
Life is but a stage and I'm forgettin my role,  
You take a drink then the drink takes you,  
You only get one chance there is no take two,

(CHORUS x1)

(See I'm feelin like the anti-hip-hopper,  
I can't say I'm the shit, when I'm feelin like shit,  
And I'm hittin the wall)

(VERSE 3)

I got no moves I ain't feelin alright and this isn't my hit I  
might say goodbye,  
I need a piece amount of teams even pieces look free,  
I'd rent a little piece of heaven if you'd lease it to me,  
You kick it tonight until it bleeds to life,  
But I'm sick of this sight without the will to fight,  
(Latley), My whole shit is going crazy but I can take a  
jog cause it won't take me,

(Latley)  
(Can you save me)
