[Intro]

Yeah, ohhh-ohh

Yeaahhh, yeaaa

I love you more then my mouth can say

I'll take a flight to kingston, anyplace

Just to be in yo face

[Verse 1]

From new york city to japan

I'll be there ba-by

Just call my phone and I'll come flying

On the next plane to you

Never worry cause I'm ya woman

And I promise ba-by

I promise you will be my man

[Chorus]

Cause baby it's real (real)

So real (so real)

Can't you tell by the look in my face, yeah

Oh baby it's real (it's real)

So real (so real)

I hope your feeling the same

Cause baby it's real

[Verse 2]

I'll follow you right to the moon

It could happen yeah

Just so we can be close as cousins

With my heart out to you

I love you more then words can offer

Pay attention ba-by

I hope this never ends my lover

[Chorus]

Cause baby it's real (it's real)

So real (so real)

Can't you tell by the look in my face, yeah

Oh baby it's real (it's real)

So real (so real)

I hope your feeling the same

Cause baby it's real

[Bridge]

I don't wanna spend a day without you

I don't get tired of being by you

I don't care bout the things about you

Boy it's real

[Chorus]

So real, so real (so real)

Can you tell by the look in my face, yeah

Oh baby it's real (it's real)

So real (so real)

I hope your feeling the same

Cause baby it's real
