See what they don't understand

for, two-double-zero-one (HEY!)  
And for those of you who hated (HEY!)  
You only made us more creative, AOWWWWW!  
(Misdemeanor uhh)

[Missy]

You don't wanna speak my name  
Mess around get that ass blown away  
Brrrrah! - Fool go on away  
I ain't never like your tail anyway  
Missy got somethin' to say  
I ride down the block in an Escalade  
Bling bling all in your face  
I think you might need to put on your shades  
Rahhh! I know you feel me doe  
You hatin on me, but you hear me doe  
Twenty inch rims sittin crazy low  
AAAAHHHHHHH! I'ma crazy ho  
I'ma keep the party live  
Me and Timbaland gonna flip it tonight  
Keep your hands in the sky  
Wave 'em round like your crazy high

[Chorus]

Huh! Time to lick shots  
Time to see you dance  
Hey you, why you frontinnnnnnNNNNN  
Blaow! Time to lick shots  
Time to see you dance

[Missy]

You don't know who I be  
You mammy tell you not to fuck wit me  
If I give you head, you'll never leave  
Rahhh! Stop sweatin me  
Flip it on the blackhand side

Looka here boy, don't you even try it  
Make me dislocate your spine  
My rings fix your shine like turpentine  
What you comin 'round here now fo'?  
Baby hell no, you just want my dough  
Get cha black ass on the flo'  
Fool touch me, that's a no no

Cause we gon' rock the party 'til the early morn

[Chorus]

[Missy]

Y'all don't hear me - (hot)  
You got your guns but you don't scare me (oooooh)
