### "Pussycat"

Visit "[Pussycat](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Uh, this is another Missy Elliott exclusive, uh, come on

It's all for the love  
But there is more things that keep a man satisfied  
And I know the remedy just to cure him  
From cheating even if he tried, hey

Pussy don't fail me now  
I gotta turn this nigga out  
So he don't want nobody else  
But me and only me  
Pussy don't fail me now  
I gotta turn this nigga out  
So he don't want nobody else  
But me and only me

I know he's a man and men have intentions  
To sleep with someone else  
But that's why when I make love to him  
I'm ruling  
Try to give him my best, hey

Pussy don't fail me now (fail me now)  
I gotta turn this nigga out  
So he don't want nobody else (nobody)  
But me and only me (ohh)  
Pussy don't fail me now (fail me now)  
I gotta turn this nigga out  
So he don't want nobody else (ohh)  
But me and only me

As long as the pussy good it's alright  
Ain't gotta worry bout my man  
Cos he know mine's is one of a kind  
And that's why he keeps staying  
The pussy good, it's alright  
Ain't gotta worry bout my man  
Cos he know mine's is one of a kind  
And that's why he keeps staying

Look ma

Yeah, you got that bomb and work  
That prissy stuff, glad it ain't that gushy stuff  
(that gushy stuff?) I don't like the mushy butts  
I wish we was like Puffy over Jennifer  
Him and her too much like I and we (and what that  
mean?)  
We just love the booty  
All we see, in 3D, is  
Booty, booty, booty, booty

Oh really? Do me, do me, do me, do me  
Run through me like flood go through an I-V  
That's good I'm a make sure you never will leave  
Can I put my booty, booty up in your spaghetti daddy  
Are you ready for some cavi from me  
Pussy, gushy, mushy, what more you want from me  
Cos my feelings hit the ceiling what you want me to be  
Oh please pussy don't mess it up for me, come on

Pussy don't fail me now (fail me, now)  
I gotta turn this nigga out  
So he don't want nobody else (nobody else)  
But me and only me  
Pussy don't fail me now (fail me now)  
I gotta turn this nigga out  
So he don't want nobody else  
But me and only me

Pussy don't fail me now  
I gotta turn this nigga out  
So he don't want nobody else  
But me and only me  
Pussy don't fail me now  
I gotta turn this nigga out  
So he don't want nobody else  
But me and only me
