Yesterday I flew straight into tomorrow  
Today I'm gonna lose  
The ups and the downs  
And the seeds that they sow

Blowin' hot and cold  
Must be getting old  
Everybody knows,  
The cubes that you knock back  
Won't reincarnate  
You are trapped it's your fate  
Very soon it's too late  
So you give up and

Break down, stay down  
Break down, low down  
Break down, stay down  
Stay down, break down

Head is playin' tricks  
Colours are appearin'  
But black and white don't mix  
With stories I'm hearing  
Are bringing me down

If you don't help me soon  
I think I'm going crazy  
I just broke up the room  
Give me a piece of the  
World that I know  
Where the seeds that I sow  
Are the minds that I blow  
So I give up and

Break down, stay down  
Break down, low down  
Break down, stay down  
Stay down, break down
