Take away the music
Take away the good times
What have I left, I don't know
Take away the booze
Take away the ladies
What have I left, I don't know

Until now i've known no other way to live
Late in the evenings, hard and long long night
Wasted time that I always thought that I was right
Don't you ask me, 'cause I I don't know if ya

Take away the music
Take away the good times
What have I left I don't know ho ho

Why should all the good nights
Turn in to past sights
Where has all the fun gone I don't know
Well, until now i've known no other way to live
Played the field, 'n' hard long long night
Wasted time that I always thought that, I was right
Don't you ask me, 'cause I I don't know if ya

Take away the music
Take away the good times
What have I left I don't know
Take away the booze
Take away the ladies
What have I left, I don't know

Hit me with the music
Let me have the good times
Let me love the ladies
That's my life
Until now i've known no other way to live
Played the field, 'n' hard long long night
Wasted time that I always thought that, I was right
Don't you ask me, 'cause I I don't know

Take away the music
Take away the good times

What have I left I don't know
(Until now i've known no other way) (Repeat 4 times)
