Ain't nobody gonna take my place whips and chains
Don't leave no trace solid gold brass got a plastic face.

Ah

break me up ev'ry time you try to cool me off

With a wink in your eye and I don't eat

From a pie in the sky no more.

I can see you ain't foolin' me I ain't blind

The lies in your eyes don't disguise

The tears that you cry

I'm no blind

The lies in your eyes don't disguise

The lies in your eyes don't disguise

But the lies in your eyes.

You gotta big fat mouth

watch what you say

'Cause sooner

later

you're gonna pay

Gone tomorrow here today.

Ah

there ain't nobody gonna take my place

Sticks and stones don't leave no trace

I don't need your second face.

can see you ain't foolin' me I ain't blind

I can see

I can see

ah

don't you know I can see

You ain't foolin' me I ain't blind
