Never give up on love,
It's what I'm fighting for
And I can't lose this time
'Cause I'm stronger

I never felt this way
Some time I've been blind
Like a diamond in the rub
Shodding till it shines

You pick me up
When I feel down
You own my heart
All the time
When you're around
You make my life
So much better

Chorus (2x)
You give that special kind of feeling (you give a
feeling)
With you is where I wanna be (I wanna be with you)
You're the rain after dry season (you're my rain)
And it feels so heavenly

I'm over the moon
My heart is rushing
I've opened up my view
Now I can love again

Some say I'm a fool
They leave me stranded
It's finding my own strenght
Inside me

Chorus (2x)
