Angel, Angel!

Angel of light
Angel of glory
Beautiful as the dawn
Somehow you know that your days are numbered
My, how the mighty fall
My, how the mighty fall
My, how the mighty fall

Angel
I'm givin' you warning
Angel
Devil in disguise
Angel
Son of the morning
Angel
Father of lies

Try to destroy all that you've hated
Driven on by your pride
God of this world, essence of evil
Master of disguise
Master of disguise
Master of disguise

Angel
I'm givin' you warning
Angel
Devil in disguise
Angel
Son of the morning
Angel
Father of lies
