Breakin the ice with love,  
Were meltin away stone cold hearts from a winters day.  
Breakin the ice with love.  
Releasing the binds thats held man  
From the start of time.

Its so easy to do  
When Gods love is with you  
And is living in.  
And youll come to find  
Its just a matter of time  
When love begins breakin the ice.

Sure as a flower needs to have rain,  
Mans need for love is just the same;  
Sure as the sunrise starts each new day,  
With heavens love youll find the way
