We count our many tragedies  
But still, life must go on  
Waiting for what can't be seen  
Explanations try to find  
Excuses for the pain  
Oh, but they never change the way we feel, no

Hold on tight  
Hold on tight  
Don't let go  
Hold on tight

Quest for fame and fortune  
You might find a new frontier  
We might last another year  
But in or fast from cash and carry  
We might marry into freedom  
And find a faith that's fresh and clear, yeah

Hold on tight  
Hold on tight  
Don't let go  
Hold on tight

Harmony and tragedy  
Go often hand in hand  
In times of ease our dreams are built  
Upon the shifting sands  
When time are hard our faith remains  
To keep us in God's hands

Hold on tight  
Hold on tight  
Don't let go  
Hold on tight
