I can't seem to find it  
No, I've looked everywhere  
The questions, they run deep inside my soul  
When I run to unwind it  
It tangles even more  
The truth drifts even farther than before

I don't know why I'm wasting all my time  
I don't know why I don't care  
I don't know what I have to do to find it  
I don't know I'm running out of time

Looking for the answer  
I can't find it anywhere  
Looking for the answer  
I've been searching everywhere  
The truth is right in front of me  
But I look the other way  
It's just so hard to face  
Looking for the answer

I just can't seem to fight it  
This hunger leads me on  
Darkness greets me everywhere I go  
I try so hard to hide  
What I already know  
The answer came two thousand years ago

Looking for the answer  
I can't find it anywhere  
Looking for the answer  
I've been searching everywhere  
The truth is right in front of me  
But I've thrown it all away  
It's just so hard to face  
Looking for the answer
