Nice guys finish last
or so they say
Its too hard to face
the world these days

I'm soon to find
an easy way
To deal with life
it just might be today

Well I might be blind
too blind to read
To read between the lines
its just another day for me

Just take a walk with me
Please get to see the hidden side
The hidden side of me
thats waiting, waiting..

There will come a time
when I feel lost
And I will look to you
to find support

And when I turn around
to see you look away
Theres nothing I can do
to make you stay

Well I might be blind
too blind to read
To read between the lines
its just another day for me

Just take a walk with me
Please get to see the hidden side
The hidden side of me
thats waiting, waiting..

Now the day is gone
this feeling still remains

What else can I try
but leave to ease the pain

And when Im gone
you'll never get to see
The hidden side of shy
the other side of me

Well I might be blind
too blind to read
To read between the lines
its just another day for me

Just take a walk with me
Please get to see the hidden side
The hidden side of me
thats waiting, waiting, waiting for you
