Captain sailed the ship today
Old Love, she just sighed
Met his mother on the way
They stopped and cried
Cat on the sill
See the sad rain fall
Do as you will
I love you more than all
Old Love sailed the ship today
Captain he just sighed
Met her father on the way
They stopped and cried
Cat on the sill
See the sad rain fall
Do as you will
I love you more than all
Sing the song of sailin' away
Sing it from your heart
Sing the song of sailin' away
Even though we part
