King Of '79  
(Sweet Water)  
Just two years older than me  
But to me he was everything  
Attitude, I copied his moves  
And there was nothing he couldn't do  
Watching the dead end signs  
Watching them pass us by  
Getting high  
Ooh, he was a king  
Ooh, he was a king  
Motocross, running socks  
Half shirt's never been washed  
A goody comb if Tess asks  
Like I knew they would, if she could  
Now, Doobie in his small hat waits  
Waits for the Foghat show  
He's gonna go  
If I was a girl, I'd have a crush on him  
In his high rise jeans  
Ooh, he was a king  
Ooh, he was a king  
Ooh, he was a king  
Ooh, he was a king  
He was the king  
I wished that I could be like him  
I wished that I could be like him  
I wished that I could be like him  
I wished that I could be like him  
I wished that I could be like him  
I wished that I could be like him  
I wished that I could be like ...  
I wished that i could be
