It's getting harder and harder and harder  
I'm having trouble keeping it all in line  
It's getting closer and closer and closer  
I can feel it tearing me up, tearing me up inside  
It's all this drama and drama and drama  
I'm tired of hearing and hearing it, I mean it's all the  
time  
You say you got problems... okay  
Well I'm sick of talking about, talking about mine

All you got  
All you got  
Show some self-expression  
You'll need a little more than that  
All you got  
All you got  
Show me some aggression  
You'll need a little more than that, more than that

It's getting harder and harder and harder  
I make something of myself to watch it circle the drain  
My god, it's over and over and over  
I don't think we're learning from our, learning from our  
mistakes  
It's always drama and drama and drama  
I'm tired of hearing and hearing it, all we do is  
complain  
I can't stand it, stand it, stand it  
I know you mean it but it's not, no it's not the same

All you got  
All you got  
Show some self-expression  
You'll need a little more than that  
All you got  
All you got  
Show me some aggression  
You'll need a little more than that, more than that

You gotta feel the burn  
You gotta make it hurt

All you got  
All you got  
All you got yeah (x4)
