You've got a fast car
I wanna ticket to anywhere
Maybe we can make a deal
Maybe together we can get somewhere

Any place is better
We're starting from zero, got nothing to lose
Maybe we'll make something
But me, myself, I've got nothing to prove

You've got a fast car
And I've got a plan to get us out of here
I've been working at the convenient store
I managed to save just a little bit of money

We don't have to drive to far
Across the border and into the city
You and I can both get jobs
And we'll finally see what it means to be living
Yeah, we'll finally see what it means to be living

Driving, driving in your car
Speeding so fast, I felt like I was done
City lights lay out before us
And your arm felt mine strapped around my shoulder
and

I, have a feeling like I belong
Yeah, I, had a feeling like I could be someone,
I could be someone, be someone

You've got a fast car
And I've got a job that pays all of our bills
I've been working at the store
And I managed to save up a little bit of money

I know that things will get better
You'll find work, and I'll get promoted
We'll move out of the shelter
Buy a big house and live in the suburbs

You've got a fast car

But is it fast enough, so we can fly away
You've got to make a decision
We can leave tonight, or live and die this way

We don't have to drive too far
Across the border and into the city
You and I can both get jobs
We can finally see what it means to be living
We can finally see what it means to be living

Driving, driving in your car
Speeding so fast, I felt like I was done
City lights lay out before us
And your arm felt mine strapped around my shoulder
and

I, have a feeling like I belong
Yeah, I, had a feeling like I could be someone,
I could be someone, be someone
