Everyday it's the same thing, another trend has begun
Hey kids, this might be the one
It's a race to be noticed and it's leaving us numb
Hey kids, we can't be the ones

With all of our fashions, we're still incomplete
The God of redemption, could break our routine

There's a new way to be human
It's nothing we've ever been
There's a new way to be human
New way to be human

And where is our inspiration, when all the heroes have
gone?
Hey kids, could we be the ones?

'Cause nobody's famous and nobody's fine
We all need forgiveness, we're longing inside

There's a new way to be human
It's nothing we've ever been
There's a new way to be human
It's spreading under my skin

There's a new way to be human
Where divinity blends
With a new way to be human
New way to be human

You're throwing your love across my impossible space
You've created me, take me out of me

Into a new way to be human
To a new way to be human

You're a new way to be human, where my humanity
bends
To a new way to be human, the redemption begins

You're a new way to be human
You're a new way to be human

You're the only way to be human
You're a new way to be human
