I've tasted fire,  
I'm ready to come alive  
I can't just shut it up  
and fake that I'm alright  
I'm ready now,  
I'm not waiting for the afterlife

I'll let it burn the way the sunlight burns my skin  
The way I feel inside, the way the day begins  
I'm ready now, I'm not waiting for the other side  
I'm ready now, I'm ready now

'Cause every day the world is made  
A chance to change but I feel the same  
And I wonder "why would I wait 'til I die to come alive?"  
I'm ready now, I'm not waiting for the afterlife

Yeah

I still believe we can live forever  
You and I we begin forever now  
Forever now, forever

I still believe in us together  
You and I we're here together now,  
Forever now, forever now, but never now

'Cause every day the world is made  
A chance to change but I feel the same  
And I wonder "why would I wait 'til I die to come alive?"  
I'm ready now, I'm not waiting for the afterlife

Every day, a choice is made,  
Every day I choose my fate  
And i wonder "why would I wait 'til I die to come alive?"  
To come alive?  
Every day, every day, every day I still feel the same,  
And I wonder "why would I wait 'til I die to come alive?"  
I'm ready now I'm not waiting for the afterlife

I'm ready now, I'm ready now, I'm ready now, I'm ready  
I'm ready now, I'm not waiting for the afterlife

Yeah, yeah, yeah!
