Blame it on what you've been through  
Blame it on what you're into  
Blame it on your religions  
Blame it on politicians

We've been blowing up  
We're the issue  
It's our condition  
We've been blowing up  
We're the issue  
The detonation

We've been blowing up  
We're the issue  
We're ammunition  
We're ammunition  
We're ammunition  
We are the fuse and ammunition

I have no generation  
Show me my motivation

One world, one desperation  
One hope and one salvation

We've been blowing up  
We're the issue  
It's our condition  
We've been blowing up  
We're the issue  
A detonation

We've been blowing up  
We're the issue  
We're ammunition  
We're ammunition  
We're ammunition  
We are the fuse and ammunition

Look what a mess we've made of love  
Look what a mess we've made of love

Look what a mess we've made  
We've got ourselves to blame  
Look what a bomb we've made of love

We've been blowing up  
We're the issue  
It's our condition  
We've been blowing up  
We're the issue  
A detonation

We've been blowing up  
We're the issue  
We're ammunition  
We're ammunition  
We're ammunition  
We are the fuse and ammunition

We're ammunition  
We're ammunition  
We are the fuse and ammunition  
We're ammunition
