Nothing but a chemical in my head
It's nothing but laziness
Cause I don't wanna read the book
I'll watch the movie
Cause it's not me
I'm just like everybody else my age

I think I'd rather play around
And I think I'd rather watch TV
Cause I don't wanna face my fears
I'll watch the movie
Cause it's not me
I'm just like everybody else
I'm just like everybody else

Because I don't wanna be here
I don't wanna see this now
It's all wrong but it's alright
And I don't wanna be here
And I don't wanna study now
It's all wrong but it's alright
I don't know what love is
I don't know who I am
And if I ever want to find out
I'll watch the movie
Cause it's not me
I'm just like everybody else my age

I don't wanna change the world
And I don't wanna be someone
I don't wanna write the book
I'll make the movie
Cause it's not me
I'm just like everybody else
I'm just like everybody else

I don't wanna be here
I don't wanna see this now
It's all wrong but it's alright
And I don't wanna be here
And I don't wanna study now
It's all wrong but it's alright
