Everything I know
Tells me she's everything
That I could hope for
Everything I know
Tells me I can't let her walk away

[bridge:]

I took my time to find the words
I hope she feel'd the same

[chorus:]

'Cause I want someone to share my smile
To share the pain
To be there when the sea turns gray
To share the joy
For better or worse
And I thought that it might have been her
I thought that it might have been her

Wonder if she knows
The way I saw her soul
Light up my life
Wonder if she knows
of the pain I feel tonight
