The world begins
With new born skin
We are right now
You're needle girl
In a haystack world
We are right now

You're breathing in
The highs and lows
We call it living

- Chorus -

In this needle and haystack life
I found miracles there in your eyes
It's no accident we're here tonight
We are once in a lifetime

Don't let go
Don't give up hope
All is forgiven
You're breathing in
The highs and lows
We call it living

- Chorus -

In this needle and haystack life
I found miracles there in your eyes
It's no accident we're here tonight
We are once in a lifetime

All is not lost
All is not lost
Become who you are
It happens once in a lifetime

- Chorus -

In this needle and haystack life
I found miracles there in your eyes
It's no accident we're here tonight
We are once in a lifetime alive
We are once in a lifetime

In this needle and haystack
(We are once in a lifetime)
