Spirit, fall fresh on me
Spirit, fall fresh on me
Hear my cry, fill my life
I won't need anything but you

I found all that I want, all that I longed for in you
I found all that I want, all that I longed for in you
Wasted time is when I'm far from your truth
I've found all that I want, all that I long for in you

Spirit, come be my joy
Spirit, come be my joy
Be my song, fill my lungs
I wont need anything but you

I found all that I want, all that I longed for in you
I found all that I want, all that I longed for in you
Wasted time is when I'm far from your truth
I've found all that I want, all that I long for in you

I found all that I want, all that I longed for in you
I found all that I want, all that I longed for in you
Wasted time is when I'm far from your truth

I've found all that I want, all that I long for in you
All that I want, all that I long for in you
I found all that I want, all that I longed for in you

I found all that I want, all that I longed for in you
I've found all that I want, all that I long for is you
Yes, you're all that I want, all that I long for is you
