Looking into your eyes  
I see all I want to be  
And I don't want it to end

If I could only put two words  
The way I see you  
I only know I have an angel with me now

When I fall asleep  
Your all that I see  
Your In my thoughts and all of my rest  
I wish that I could be  
All that you need to be

My angel without wings  
My angel

I wish that you could see  
All that you need to read  
But I can't find out words to tell you

When I fall asleep  
Your all that I see  
Your In my thoughts and all the rest  
I wish that I could be  
All that you need to be

When I fall asleep  
Your all that I see  
Your In my thoughts and all the rest  
I wish that I could be  
All that you need to be

My angel without wings
