I remember when we used to ride
In the back of your car
Everyday
It was the 5 of us
Just the 5 of us
Just the 5 of us
We didnt know it any other way, oh

We should know the way by now
To get there, or you'll show us how
All the time I've spent
All the memories
Will make it last into eternity, oh

But I would always be your friend
But I would always be your friend

Through the sands of time
The memories, the memories, they last forever
Through the sands of time
The memories, the memories, they last forever

We moved on from house to house
Always together
Never worried about who was there
And who was not
It didnt matter cuz you always knew that

I would always be your friend
I would always be your friend

Through the sands of time
The memories, the memories, they last forever
Through the sands of time
The memories, the memories, they last forever

I remember when we used to ride
In the back of your car
Every day
It was the 5 of us
Just the 5 of us
Just the 5 of us

We didnt know it any other way, oh

We should know the way by now
To get there, or you'll show us how
All the time I spent
All the memories
Will make it last into eternity

I would always be your friend
I would always be your friend
I would always be your friend
I would always be your friend
I would always be your friend....
