Brought into this world for your sins the suffering it
never ends I'll teach
You all that I know so in time you will go and spread
my word lead the way
Ensuring our survival there is no other way that you will
learn in time
Committed to the truth is no crime remember this and
you will see the mind
Can be your own worst enemy open the door
knowledge is the key you have the
Power to fulfill your destiny the actions of man speak
greater than words
Through your voice I shall be heard why must I suffer in
pain was this
Endeavor all in vain I'm treated like the man I am not
some figment of your
Imagination the life I lead was pure and true humble
servant there for you
Reaching down within my self to deal with life a living
hell wash your hands
Of for all it's for you I bleed watch me suffer upon the
cross your sins are
What I die for The pain of the guilt you can't hide these
tears of blood
I've cried upon the cross hands and feet torn crown of
thorns placed upon my
Head sacrificed for your sins but no one wins cause
we're really all dead
I've created what you have desecrated now all I see is
sorrows devastation
My final hour is at hand give me the strength to face
my last stand I wish
That all could understand like you I am just a man flesh
and blood I feel
The same pain spill my blood the ground will stain now
as the end draws near
The final moment that I fear my sense is strong good
will prevail with my
Death the next won't fail
You give me life
Life brought me pain

Pain brings sorrow
Not all in vain not all in vain
Everything i do is not all in vain
