It wouldn't be so hard to sleep at night
If I could make a day without a fight

I really think the world would be impressed
If it were equally as blessed

Tryin' just to make it through each day
Sleepin' just to pass the time away
I don't even know who to listen to
What I need is a song to make love to

Wasting years at alarming rates
I can't just leave my life to fate

If I could just find a new career
One that involves a little beer

Tryin' just to make it through each day
Sleepin' just to pass the time away
I don't even know who to listen to
What I need is a song to make love to

Tryin' just to make it through each day
Sleepin' just to pass the time away
I don't even know who to listen to
What I need is a song to make love to

Na na na na na na na na na
Na na na na na na na na na

Na na na na na na na na na
Na na na na na na na na na

Tryin' just to make it through each day
Sleepin' just to pass the time away
I don't even know who to listen to
What I need is a song to make love to
