Don't let go  
Stay with me  
We'll take it slow 'til you're on your feet

I saw you looking at him  
Did you let yourself go  
You threw yourself into my arms and I heard you hum

What were you going through  
A little crisis  
Maybe we'll see it through  
As long as you're here with me

You know that I would do  
Anything for you  
Just as long as you hold me in your arms

You know that I would do  
Anything for you  
Just as long as you hold me in your arms

Your smile brings me warmth when the hometown  
records cold  
I see you appear from far away and you're holding his  
arms

I saw you standing with him  
Did you let me go  
I threw myself into your arms and you said don't think  
so

What were we going through  
A little crisis  
Maybe we'll see it through  
As long as you're here with me

You know that I would do  
Anything for you  
Just as long as you hold me in your arms

You know that I would do  
Anything for you

Just as long as you hold me in your arms

In your arms

In your arms

You know that I would do

Anything for you

Just as long as you hold me in your arms

You know that I would do

Anything for you

Just as long as you hold me in your arms
