Take my head out of my hands  
We'll never go through this again  
I couldn't do it without my friends  
Get it out of me

And I won't  
I won't  
Swear it  
And I won't  
I won't  
Swear it

"Jack flo and Josey 19"  
Come on in, I hope you're clean  
Do you know how to use this thing  
I know, I know

And I won't  
I won't  
Swear it  
And I won't  
I won't  
Swear it

And what you do and where you go  
And wherever you go I will go  
We will never let it come to this  
Discovered mean 'cos I know  
That we can do most anything  
To decide toast and go home  
Dont ever let them throw me out  
'Cause I know  
I am not alone

So you think you can change my world  
And I thought o' my little girl  
All these things are in my hair and she says  
She says that, "I won't"  
I won't  
Swear it

And I won't

I won't  
Swear it

And what you do and where you go  
And wherever you go well I'll go  
We will never let it come to this  
Discovered mean 'cos I know  
That we can do most anything  
To decide toast and go home  
Dont ever let them throw me out  
'Cause I know  
I am not alone
