What a single word can do  
To bring out all the flowers in you  
Needing hope and joy today  
Holding on but you embrace  
Swirling in two and by due  
What a single word can do  
To bleed all the life out of you  
Leading hope and joy astray  
Holding on but you embrace  
Blighting every flower that grew  
And we wait to hear the news about you  
Girl, we hope and pray that you'll pull through  
What a single girl can say  
To brighten up a dreary day  
Lighting all the clothes on fire  
I lay on a funeral pyre  
What else can I do?  
And we wait to hear the news about you  
Girl, we hope and pray that you'll pull through
