Say what? Check it out
Pop corks with the best of them, style on the rest of
them
All because I threw my breast to them
Now they zest and caressin' them, Kim neva stressin'
them
Six figures, bet I'm pressin' them

This goes out to my thoroughbreds
Real dogs while ya halfway cats play the back
If ya gizzat, like dizzat
Ask Mark Morrison, it's Return Of The Mizzack

I don't wanna hear it
All the things you said to me
About the way you do me
About the way you make me scream

Words could never put it
Those are just a waste of time
So hit me with your best shot
I wonder can you blow my mind

No need to make me feel like I want a Casanova
You got to satisfy me
So, baby, what's the deal, 'cause I'm curious
Lovin', baby

I wanna know it, baby
You got to show it, boy
Give it up, don't talk about it
Give it up, just do it, boy

Never believe it, baby
Till I can see it, boy
Give it up, you got me thinkin'
Give it up, you're just pretending

Honey, I've been waiting
And I'm not waiting anymore
All the anticipating
So, baby, won't you close the door

There's no hesitating
So why don't you try change your mind
'Cause now that we're alone, boy
We gonna have a real good time

No need to make me feel like I want a Casanova
You got to satisfy me
So, baby, what's the deal, 'cause I'm curious
Lovin', baby

I wanna know it, baby
You got to show it, boy
Give it up, don't talk about it
Give it up, just do it, boy

Never believe it, baby
Till I can see it, boy
Give it up, you got me thinkin'
Give it up, you're just pretending

When I met ya, I swore that I would never forget ya
Scared thinkin' I won't let ya
Lick my back up and sniff my crack up
Then I slacked up, you know niggaz can act up

Before they get the booty, then I stay like Tootie
Usually I, know the truthfully
I don't mind if you wanna get a little Into me like SWV

Stop frontin', can we do a little sumthin'
Word to my man Max
Push the fifth track in the Bentley
Watch me, go dat gently

But simply, y'all men be
Wasting my time like Mona Lisa
Put that on my Visa

Make you sit calm like Monesha
Talking greasy but I talk greasier
So Tim man slide so you can
Make it fit a little easier

I wanna know it, baby
You got to show it, boy
Give it up, don't talk about it
Give it up, just do it, boy

Never believe it, baby
Till I can see it, boy

Give it up, you got me thinkin'
Give it up, you're just pretending

'Cause I don't want no Casanova
I just need a steady lover, oh baby, oh
(Give it up, give it up)
'Cause I don't want no Casanova
I just need a steady lover, oh baby, oh
(Give it up, give it up)

I wanna know it, baby
You got to show it, boy
Give it up, don't talk about it
Give it up, just do it, boy

Never believe it, baby
Till I can see it, boy
Give it up, you got me thinkin'
Give it up, you're just pretending

I wanna know it, baby
You got to show it, boy
Give it up, don't talk about it
Give it up, just do it, boy

Never believe it, baby
Till I can see it, boy
Give it up, you got me thinkin'
Give it up, you're just pretending
