SW to the V yeah you know

Characters lacin this trizzack

Oh I like this y'all what?

Never thought I'd find love till the day I found you  
sugar

Never had no one to hold me like this (like this like this)

What oh no no oh

Characters what?

Oh oh

Like this what like this what oh

This time last year I was feeling so alone

I never thought that you would come along

You changed my whole world

Now all I have is memories

My lonely days are gone

You changed the right from wrong

And I never

Never thought I'd find love

Till the day I found you, sugar (I never had no one)

Never had no one to hold me like this, (like this, like  
this)

No no no

(Repeat)

Never imagined just what it would be like

To have this feeling that I feel

Without you in my life

It's like a day of sunshine after days of cloudy skies

And when you held me in your arms

You opened up my eyes

And I tell the world that I'm in love (yeah, yeah)

And it feels so good to know

You're the one that I adore

Every day (everyday and night) you love me right

I don't want to trade it for nothing in this world

I never

Never thought I'd find love

Till the day I found you, sugar (I found you)

Never had no one to hold me like this (like this, like this)

No no no

(Repeat)

[Ceas]

Imagine this, me Ceas

E3's, JetSkis, palm trees

I know you like the way it sounds so take your pick hon

And watch this tongue go dead between your lips uh

While my niggaz be stazzin out, I blowin back spasms

out

Your leather, my house

What's even better, my cheddar, your couch

It's now or never, my tongue in your mouth

I makes it happen, dumber than a Hummer with my  
man Trife trigga

Only boning girls with nice figures, ridin' dat digga

Whole figure, platnuim with gold diggers

So what's it gonna be girl, tell me who you roll with

Who you wanna be with, who you creep with

I giving you the green light, so if you the right hoe

Ask Joe, swear to God won't be a playa no mo', fo sho'

I never

Never thought I'd find love

Till the day I found you, sugar (I never felt this way)

Never had no one to hold me like this (like this, like  
this)

No no no

(Repeat to fade)
