(Verse)

Alone
You and I intertwine
Refreshing conversation for the mind
As we stare
We both seek and hope to find
Real love, purified

(Chorus)

Use your heart and not your eyes
Baby just relax and ride
If you got time then I got time
Free your thoughts and watch them fly
Use your heart and not your eyes

(Verse)

I sigh
As I watch you sleeping there
So easily I did things I never dare
I say to myself I'm glad that we share
Real love, purified

(Chorus)

(Verse)

(Use your heart)
My goodness how it seems like yesterday
She crushed you
Hurt you in the strongest way
You've hurt so long
Reward comes to those who've cried
Real love purified

[Taj]

Just a second
I look at my watch's dial
And you love me
Helping me like a child
As we lay
I close my eyes and I smile
At your real love, purified

Repeat Chorus Until Fade...
