Alone  
You and I intertwine  
Refreshing  
Conversation for the mind  
As we stare  
We both seek and hope to find  
Real love  
Purified

*[CHORUS]*

Use your heart and not your eyes  
(Baby, just relax and ride)  
If you got time then I got time  
(Yeah, yeah)  
Free your thoughts  
And watch them fly  
Use your heart and not your eyes

I sigh  
As I watch you sleeping there (sleeping there)  
So easily  
I did things I'd never dare (never dare)  
I say to myself

I'm glad that we share  
Real love  
Purified, oh

*[CHORUS]*

My goodness  
How it seems like yesterday (yesterday)  
She crushed you  
Hurt you in the strongest way (strongest way)  
You hurt so long  
Reward come to those who cry  
Real love  
Purified

Just a second  
I look at my watches dial  
And you love me  
pampered me like a child

As we lay  
I close my eyes and I smile  
At your real love  
Purified

*[CHORUS]*
