(f/Foxy Brown)

[Foxy Brown]

I'm the best, and baddest chick that you've ever known,
unh

Straight dissin' my flows like, cats be lickin' my toes,
ohhs

Better back up, only sex ones who look stacked up

Top that, we in the benz playa drop that, ain't nothin'
free, hope you got that

More Cristal now pop that, you got that? Let me top that
Got the pearl tongue, where da rocks at?

Y'all sizin' me, all eyes on me, let you down easy like
the Isleys

And these dope rappers keep tryin' me, on GP cause
I'm DP,

And none of y'all broads can't see me, unhh.

(Verse)

Mmmm... what's your name

Cause you go game, you wanna know...

What it be like, what the deal is

Well where my man at, can you get with me

Say you got the things that I need

(I need)

What's your name

Cause you got game you wanna know...

Who I role wit', who I be wit'

Who I'm down wit', do I like to do the nasty things that
you do

(Chorus)

Release some tension

Pray for, pray for intermission

For me and you, you'll start to kissin'

You'll see, what you've been missin'

Release some tension, some of your tension

Pray for, pray for intermission

For me and you, you'll start to kissin'

You'll see, what you've been missin'

Mmmm... you're so fine

I wanna make you mine, I wanna know...
Can I be wit' you, can you be wit' me
On the count of three, me and you, we can live
romantically
You're so fine
I wanna make you mine, I wanna know...
Do you gotta girl, is she good to you
I bet she won't, do the things that I'll do to you, yeah

(Chorus)

[Foxy Brown]
Who be poppin' them bottles with them ballin'-ass
honeys
Who be hittin' that hydro and be trickin' that money
Try'n to get unhh... me high
Tryin' to open up and then throwin' up my knees wide
Foreplay, from the first to the fourth day
Chill Dom P's on my off days
Chinchilla minks and morays, make always, cry for me
Ain't too many broads that can do it like me
Name a chick who can do it like me
Get on top, can she move it like me, move it like me
Can she move it like me

Repeat Chorus Until Fade...
