Swv (Sisters With Voices)
"Someone"

(f/Puff Daddy)

[Puffy]
Lookin at my roley it's about that time
For SWV to drop a jam on mine
Playa's talk the talk but they can't walk it
We make the whole country bounce when we New York it
Don't speak about or be about it
Seein puff on your tube feelin weak about it
I got the skill of an actor
Windshield factor minus 5'5
Coolest man alive, baby who dat is? (ooh that's just puff daddy)
Keep you on my mind like I keep me on my shine
And I feel fine, sex real fine, while I'm in yo deck on rewind
Boo I make it hot, till you yellin what PD got
Since Pd rock, see me not, so many bricks I build a Tenement
Will do the freaky things baby girl if you into it

(Verse)
I'm lookin for, a lover that, can make a sacrifice
A lover that, will understand, will always be by my side
I pray the lord so I can find my mister right ,
So who can it be the one for me, I need.

(Chorus)
Someone that I can believe
Someone to satisfy me, I need love, (ooh someone)
Someone who's faithful n true
Oh baby can it be you, I need love

(Verse)
Well can it be, that your the one
And I've been to blind to see
Your everything I'll ever need
Someone who'll love me for me
I wanna know, I wanna see my destiny
If your love is true I'll love you to, cuz I need

(Chorus)

(Bridge)
You can be the one, love of a lifetime
Oh baby can it be the one for me
I need to know, want you to be mine
Baby why can't you be my everything

[Puffy]
Check this out, Y'all notice these, SWV's
Gone for a minute, chillin cross seas
Back on the scene now, pocket full of cream now
Gone so long thought they was locked in the Penile,
meanwhile
They be bumpin in the in the clubs, "can we get freaky
tonight"
Show em love, Puff and J-dub, platinum stats,
Plush oriental rugs and platinum plaque's

(Bridge)

Repeat Chorus Until Fade...
