(Verse)

Alone

You and I intertwine

Refreshing conversation for the mind

As we stare

We both seek and hope to find

Real love, purified

(Chorus)

Use your heart and not your eyes

Baby just relax and ride

If you got time then I got time

Free your thoughts and watch them fly

Use your heart and not your eyes

(Verse)

I sigh

As I watch you sleeping there

So easily I did things I never dare

I say to myself I'm glad that we share

Real love, purified

(Chorus)

(Verse)

(Use your heart)

My goodness how it seems like yesterday

She crushed you

Hurt you in the strongest way

You've hurt so long

Reward comes to those who've cried

Real love purified

[Taj]

Just a second

I look at my watch's dial

And you love me

Helping me like a child

As we lay

I close my eyes and I smile

At your real love, purified

Repeat Chorus Until Fade...
