(Chorus)

What's it gonna be  
Is it gonna be you and me  
What's it gonna be  
Is it gonna be you and me - babe

(Verse)

Wasn't it you who said  
We'd be together always  
I think I've been misled  
It took awhile to see, but now  
One of us has to go (I'm after you - oooh)  
You just can't love two, no

(Chorus)

(Verse)

What makes you think that you  
Could keep me hanging on a string  
If you can't make up your mind  
I'll bow out gracefully, yeah  
But one of us has to go (I'm after you - oooh)  
You can't love two, no, no, no

(Chorus 2x)

(Bridge)

And me yeah, yeah, yeah, yeah  
What's it gonna be  
I hope you can see  
It's gotta be you and me, baby  
(I'm after you - oooh)  
Tell me

Repeat Chorus Until Fade...
