(Verse)

It starts with a thought of love and displace
I hold it with hope and inside me it stays
Then speak your reply, but smile cause I know
Sometimes love shows in the phoniest ways

(Chorus)

(When this feeling comes over me)
(Will you be there)
To receive and let this love breathe
(When this feeling comes over me)
(Will you be there)
To receive and let this love breathe

(Verse)

Curiosity, has it's part
Is it just my body
Or does it include my heart
(We can't make moves until I'm sure)
I've tried, but it just makes me want you more

(Chorus)

(Bridge)

Please don't
(Please don't, don't go)
Feeling takes me over
(Love like a spell)
That you've got me under
(And I know as time goes - oooh)
We'll grow closer
I thought I could tell
But still I wonder

Repeat Chorus Until Fade...
