(Where is the love)  
Where  
(That you promised me)  
That you promised me  
(Or are those days and the nights that we spent just a  
fantasy)  
Just a fantasy  
(Where is the love)  
Where is the love  
(That you said we would share)  
(Why did I wake up this morning to find that you were  
not there)

(Verse)  
You picked a fine time to tell me that you did not love  
me  
(You did not love me baby)  
And after all this time I thought that you were only  
thinkin' of me  
Sometimes I feel like I could sit right down and just  
(cry)  
But all that I can do tonight is wonder as I ask myself  
why  
(Where is the love)  
Where is the love hey hooeey hey
