I never make a fuss
Even if I am losing
What became of us?
It wasn't at all my choosing

Ooo, when you left I couldn't follow
Ooo, now I'm blue on time that's borrowed

I bruise so easily
But you will never see all my pain
I bleed internally
One drop from losing it all again

Factor in my fears
Notwithstanding, the future
Afraid of coming years
I'm taking preventive measures

Ooo, when you left I couldn't follow
Ooo, no incentive for tomorrow

I bruise so easily
But you will never see all my pain
I bleed internally
One drop from losing it all again

Ooo, when you left I couldn't follow
Ooo, now I'm blue on time that's borrowed
Ooo, when you left I couldn't follow
Ooo, no incentive for tomorrow
Ooo, now I'm looking out my window
Ooo, hoping one day you will show
Ooo, no incentive for tomorrow
Ooo,
