welcome 2, welcome you  
welcome 2, welcome you  
welcome 2 Syberspace  
we probably won't get that far  
welcome you 2 this world  
welcome you 2 this girl  
invite you all 2 stay and play  
in Syberspace  
so much that we could do  
when we are one, not two  
I believe you belong with me in Syberspace  
now is the time for all good men  
2 come and aid of this party  
so I invite you (sisters, too) 2  
let's get down body to body, you know  
Syberspace is a club unconfined for the socially refined  
a place for the cool to further chill (chill)  
you know, join me and resisting gravity  
indulging your vanity, if you will  
who needs a mirror  
when I am but a reflection of you  
and damn, you're sure 'nuff are fine  
so I must be fly as hell, too  
Syberspace is no place for modesty and shy type  
so instead, here we celebrate ourselves  
and leave our hangups on our shelves  
this is where we get our minds right  
right, right, right, riiight, ohh  
by midnight, I wanna see bodies  
covered with nothin' but skin  
don't be a square, take it all off  
promise you'll blend right in  
promise you'll blend right in  
promise you'll blend right in  
Syberspace  
la la la la la la, la la la la la la  
la la la la la la la la la  
la la la la la la, la la la la la  
la la la la la la la la la  
welcome you 2 this movement  
welcome 2 revolution

we do not follow rules at all in  
Syberspace, oh no  
oh no, okay, okay, ohh  
that's good  
we probably won't get that far
