And take me out tonight,
Just take me one more time

But I don't know
If you feel the same way
I don't know
If this has happened only once
I knew you were not the one... no, no

And I don't know if I might feel better
I got no regrets about the way I acted
The time we spent together was so damned great
You'll always be forever in my mind

uh; uh; uh;
uh; uh; uh;
uh; uh; uh;
...come on, come on, take me out tonight
as it always meant to be

You were right
I'll miss you every night
By my side
And as time goes by
I think you are my endless love, love, love

And I don't know if I might feel better
I got no regrets about the way I acted
The time we spent together was so damned great
You'll always be forever in my mind
