In my nights I dream wonders  
The future in our hands  
In my night I have visions  
Of living the way I can

And it doesn't matter  
Where all my thought go and why  
And then I feel better  
'Cause someone's giving me a second try  
To leave now all my doubts behind

Without you  
Without you

Though my thoughts aren't changing  
What happened, what have you done?  
Now I feel something is missing  
Without you, without you love

My world has been falling  
'Cause you don't try to understand  
And now it's all over  
'Cause you don't want to see me again  
You changed your life for someone else

Without you  
Without you  
Without you  
Without you

Something is feeling wrong
