I can't turn around and end it
I can't leave the past behind
I can't let you down and waiting
Like an angel with no sky

I'm in love, in love, in love with you
I'm in love, in love, in love with you

We can't never, never be two strangers
Two souls while taking one road
I can't live my life without my angel
In love like never before

We can't never, never be two strangers
Two souls while taking one road
I can't live my life without my angel
Turn me around, around, around

I'm in love, in love, in love with you
I'm in love, in love, in love with you

I'm in love, in love, in love with you
I'm in love, in love, in love with you

We can't never, never be two strangers
Two souls while taking one road

I can't live my life without my angel
In love like never before

We can't never, never be two strangers
Two souls while taking one road
I can't live my life without my angel
Turn me around, around, around

I'm in love, in love, in love with you
I'm in love, in love, in love with you

I'm in love, in love, in love with you
I'm in love, in love, in love with you

We can't never, never be two strangers

Two souls while taking one road
I can't live my life without my angel
In love like never before

We can't never, never be two strangers
Two souls while taking one road
I can't live my life without my angel
Turn me around, around, around
