I was trying to find the river's end
I was trying to reach my ocean friends
I didn't know exactly where I was going
I didn't know exactly if I was drowning down

But I was trying to reach my mother's ex
I was jumping over her and then I was bent
I didn't know exactly where I was going
I didn't know exactly if I was burning clean

(chorus)
But I know in the sunshine's
It's not too late
That doesn't rhyme in the rainfalls

Down in the sunshine
Going on
Further rainbow
I won't get off (x2)

Find the _____
Some of them will cry
Some of them will lie
Some of them will shine on

I could have known
They could have shown
But they didn't show at all

(repeat chorus)

In the sunshine going on
Though the rainbow
I won't get off (x4)

(verse)
I was cleaning the air of the human race
I was building spaceships to colonize space

(repeat verse) x4
