I wish I could see you in the dark  
Some of us blow but some of us softly spark  
Some of them told me they saw you shining bright  
To me it doesn't matter  
If you're empty on the week end  
If you're waiting for the summer to end and start again  
It doesn't matter if you're writing foolish letters  
If you put them in a bottle  
If you're waiting for a dreamer  
To answer through the water  
Soon someday  
give (?) it all away  
all with nothing to say  
and no reason to stay  
life's too tough  
and love's not enough  
to make me stop thinking of  
what it's like up above
